CRICKET MEMORABILIA SOCIETY

POSTAL AUCTION

CLOSING AT NOON

7th JULY 2023

Conditions of Postal Sale

The CMS reserves the right to refuse items which are damaged or unsuitable, or we have doubts about authenticity.

Reserves can be placed on lots but must be agreed with the CMS. They should reflect realistic values/expectations and not be the "highest price" expected.

The CMS will take 7% of the price realised, the vendor 93% which will normally be paid no later than 6 weeks after the auction.

The CMS will undertake to advertise the memorabilia for auction on its website no later than 3 weeks prior to the closing date of the auction. Bids will only be accepted from CMS members.

Postal bids must be in writing or e-mail by the closing date and time shown above. Generally, no item will be sold below 10% of the lower estimate without reference to the vendor. Thus, an item with a £10-15 estimate can be sold for £9, but not £8, without approval.

The incremental scale for the acceptance of bids is as follows: £2 increments up to £20, then £20/22/25/28/30 up to £50, then £5 increments to £100 and £10 increments above that. So, if there are two postal bids at £25 and £30, the item will go to the higher bidder at £28. Should there be two identical bids, the first received will win. Bids submitted between increments will be accepted, thus a £52 bid will not be rounded either up or down.

Items will be sent to successful postal bidders within 3 weeks of the auction and will be sent by the cheapest rate commensurate with the value and size of the item. Postage and packaging will be paid by the successful postal bidder. Successful bidders should aim to pay quickly, so that accounts with vendors can be settled.

The CMS will be responsible for the items sent for auction while they are in the possession of the CMS.

A list of prices realised at an auction will be published on the Society's website.

IMPORTANT

Because of the change following Paul's resignation as Treasurer, there is a need to amend the signatories to the bank account. The effect means that we don't want you to pay any money for items purchased until you receive an invoice. Also, there will be a knock-on delay to paying vendors.

Remember - it is the only cricket auction with no buyer's premium – and postage is charged at cost!
